

## Sharing the Caring

Connecting families.  
Building communities.

A COMMUNITY PARTNER INVITATION

**Your business.  
Your leadership.  
A more caring community.**

**SEPTEMBER 16, 2027**

**12:00 PM - 2:00 PM**

**Location to be announced**

### **Dear Business and Community Leaders,**

Strong communities are built by people who show up for one another. I invite your business or organization to join Sharing the Caring in honoring family caregivers and connecting them with practical support.

Caregivers are our customers, colleagues and neighbors. Many balance caring for a loved one with work and everyday responsibilities. We bring families, local professionals and community partners together so no family has to care alone.

Business owners, Chamber of Commerce members, civic leaders, care providers and service professionals all have a place. Whether you run an automotive shop, an adult family home or another local business, please consider participating:

- **Host a vendor booth or resource table.** Introduce your organization, share helpful information and connect with families and community partners.
- **Welcome guests at a greeting table.** Come individually or bring a team to greet attendees and help everyone feel included.
- **Contribute goods or services.** Offer a gift certificate, useful item or your expertise, such as an oil change, vehicle service or event support.
- **Make a financial donation or sponsor an event need.** Discuss a contribution that fits your organization and helps bring the gathering to life.
- **Attend and show your support.** Join us, invite a colleague and help recognize caregivers. Your presence matters.

The enclosed materials introduce our mission and the gathering. I would welcome a conversation about your involvement.

#### **PLEASE CONTACT US**

Please call or email me with your organization's name, how you would like to participate, and the best person to contact. I will follow up to coordinate the details.

**(206) 375-2233**

Thank you for helping us honor caregivers and strengthen our community.

With gratitude,

**Katie Gaswint**
