

COMMUNITY SUPPORT INVITATION

*Caregivers give so much.
It's time we
celebrate them.*

THURSDAY

September 16, 2027

TIME

12:00 PM - 2:00 PM

LOCATION

To be determined

Dear Friends and Community Partners,

I'm reaching out to renew our invitation to Sharing the Caring and ask for your help bringing this community celebration to life. If we've spoken before, please keep the date on your calendar. If this is your first introduction, I hope you'll join us.

Family caregivers give so much of themselves, often quietly, while balancing the needs of a loved one with everyday life. This gathering is our opportunity to honor them, offer encouragement and connect them with people who care. We'll share inspiring conversations, practical resources and a light lunch, with opportunities to build lasting community partnerships.

FEATURED SPEAKER

John Nehring

Mayor of Marysville

Mayor Nehring will share his perspective on the importance of supporting caregivers and building a stronger Marysville together.

Will you help make this afternoon possible? We are still looking for a welcoming venue, donated food and beverages, financial contributions, useful goods and services, and volunteers. Businesses, healthcare organizations, nonprofits, service providers and individual supporters all have a place in this effort. You can also participate as a vendor or resource partner, or introduce us to someone who can help.

Please choose a way to help on the reverse and contact me. Thank you for helping us honor caregivers and build a more caring Marysville.

With gratitude,

Katie Gaswint

Hosted by Katie Gaswint & friends

Support the event and the families behind it

The Sharing the Caring Foundation is the direct sponsor of this celebration and is developing a broader mission of support for families navigating aging, dementia, disability, illness and caregiving. Through community gatherings, practical education and resource sharing, we want families to find connection before care becomes a crisis. Our community welcomes people of every faith and no faith.

01 Offer or connect us to a venue

Help us secure a donated or reduced-cost space in the Marysville area with accessible entry and restrooms, seating, room for lunch and resource tables, and space for our speaker.

02 Help provide the light lunch

Contribute prepared food, catering, beverages, serving supplies or a grocery gift card. Help with food service, setup and cleanup is welcome too.

03 Sponsor or donate to the event

Make a financial contribution toward event needs such as the venue, lunch, printing, accessibility and supplies. Contact Katie to discuss a contribution that fits your capacity.

04 Contribute goods or services

Offer printing, signs, sound equipment, photography or other useful services. Please coordinate donated items and services with Katie so they match current needs.

05 Volunteer your time

Help welcome guests, set up the room, serve lunch, support resource tables or clean up. Share the invitation with caregivers and people who may want to participate.

06 Become a community partner

Participate as a vendor or resource partner, share helpful information, or connect us with local businesses, healthcare professionals, nonprofits and other potential supporters.

Help families throughout the year

Please consider a one-time contribution or ongoing monthly support for the foundation's work beyond the event. Your support can help us develop caregiver education, local support gatherings and practical resources for families, including a Caring Closet for suitable caregiving goods as local capacity grows. We also welcome recurring offers of meals, supplies, professional knowledge and volunteer time.

Call or email Katie to discuss an event contribution, a venue lead or ongoing foundation support. Tell us what you can offer and when it is available.
